

CHPS has had a formal Historic Marker Program since 1996. Twenty-two historically significant sites have been recognized by a bronze or granite plaque placed on the wall of the building or by a monument bearing the plaque. All but seven of the markers have been placed by Boy Scouts as part of their requirements to attain the rank of Eagle Scout.

The collaboration between local Boy Scouts and the Corona Historic Preservation Society has been a very productive one for more than twenty years.
